

SHERWOOD PARK FISH & GAME ASSOCIATION MAY 2016 - AUGUST 2017

Hello everyone. My name is Doug Burton and I am the president of the Sherwood Park Fish and Game association for 2017. In reality that means that I have to try and keep up with the 30 or so volunteers that actually run the various programs and day to day business of the club.

I have been a club member since 2001 and have spent 5 years on the executive primarily as big game chair. Like a lot of you I joined the club so that I would have a safe, clean place to check out my hunting rifles and get a bit of much needed practice once and a while. I have found out that the club offers so much more and I encourage each of you to take full advantage of what the club has to offer.

The range itself offers opportunities for archery, black powder, trap, pistol and rifle enthusiasts to get together at casual "shoots" throughout the spring and summer months. The property itself offers hiking, camping and fishing opportunities. So come out, get involved and take advantage of what your membership has to offer.

Information on coming events is posted on the website and in the newsletter.

It has taken a couple of months to get the 2017 memberships in place. We have approximately 2600 range members this year. By the time family and non range members are added it brings our total membership for 2017 to 5225. Just over 200 of them are new members. Orientation sessions were held for them in February and March. There is a final makeup session scheduled for April 23, 2017, 10:00 am at the range for anyone that might have missed the previous sessions.

We start each year with an evening to celebrate the successes of the past year and to thank the volunteers that helped to make it all possible. Highlights of the awards night held on April 1 are included in this newsletter and thank you to everyone that helped to make the evening such a success.

On April 8 there was a work party to get the archery targets out and ready for a new season. There is a trap shoot and an archery shoot scheduled for May 13th and 14th. Weekly trap shooting starts May 17th and the spring black powder shoot is scheduled for May 27th and 28th. There is also a handgun shoot scheduled for June 4th.

Presidents report continued.....

General Membership meetings are scheduled April 27th and again May 25th, 7:30 pm at the Log Cabin in Sherwood Park 50 Spruce Avenue. The main topics will be focussed on the upcoming fishing season. Mark your calendars and make a point of attending if you can.

Last but not least everyone is invited to help out with our spring cleanup work party on June 10th.

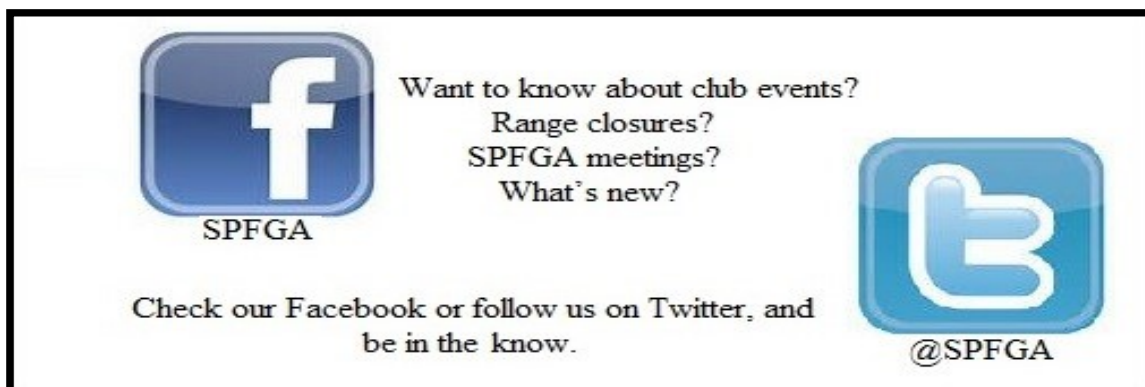

So at the club level we are off and running for 2017 thanks to the efforts of the many volunteers that make it happen on an everyday basis.

A number of club delegates attended the Alberta Fish and Game Annual Conference in February. At the provincial level there is concern about “whirling” disease in our fish stocks and the large number of lakes that remain catch and release only. On the hunting side chronic wasting disease continues to advance further westward and there is a great deal of discussion on management strategies for big horn sheep, caribou, cougar and grizzly bear. There was genuine frustration on the type or complete lack of consultation with the AFGA and other stakeholders on some of these issues but it appeared that the situation has started to improve. Time will tell.

The geese are back and it appears that we will have very dry conditions this spring. Be careful when you are outdoors with any source of ignition from cigarettes to chain saws and ATV's because the fire hazard will be high until things begin to green up. Stay safe.

Hopefully I will see you at the range or at one of our meetings. Until then, take care and take every opportunity to get out and enjoy the outdoors.

Doug Burton

2017 MEMBERSHIP REPORT

Processing of renewal and new memberships for 2017 is complete. For the remainder of 2017 only Regular, Family Regular and Youth memberships are available. The last range Orientation session was held on April 23rd. Shooting hours are posted on the Events Calendar and at the entrance gate. Application forms can be downloaded from SPFGA's Web site. To date, the 2017 total membership is 5,286.

Renewal Notices will be mailed in mid-September to the last known mailing address.

Deanna Loewen, Membership Chair

SPFGA Volunteer Roster

Are you interested in helping at SPFGA events and meeting other members? If you are please send your name, address and phone number by email to _____

for posting on the SPFGA Volunteer Roster. This information will allow Executive members to contact you regarding your availability to participate in SPFGA events like those listed below.

- Display set ups describing the benefits of SPFGA membership at our range facilities and conservation programs at the :
Edmonton Boat and Sportsman Show (late March) and at
Cabela's North and South stores (in April and October).
Volunteers man the set ups for 2-3 hours in morning and afternoon shifts .
- Casinos in Camrose (SGFGA) and Edmonton (AFGA). Day and evening shifts as cashiers and bankers (usually occur in spring, summer and fall).
- Annual work party at the Range property (June 10 2017) to clean up the ranges, clear hiking trails of deadfall trees, cutting of firewood for club house and campground, painting of benches and more. Lunch and dinner are provided.
- Work parties for the Archery range (spring and fall)
- Attendance at Zone 5 meetings and at AFGA annual meeting. Travel expenses to these events are covered by SPFGA (February and April)

2017 General Meetings:

Getting The Most From Your Club Membership

General meetings are scheduled for April 27th and May 25th, 7:30 pm at the “Old Log Cabin”, 50 Spruce Avenue in Sherwood Park.

Come and enjoy an interesting evening with other like minded people. Meetings usually occur on the last Thursday of the month and are announced by email to members. The meetings are an opportunity to meet other SPFGA members and to voice any concerns you may have. Bring a friend and enjoy informative speakers on a variety of topics of interest to fish and gamers. Children are invited as well. They are the future of our club and it is never too early to get them involved.

The Speaker for the April 27th meeting is Mark Ball a biologist with the Provincial Fish and Wildlife Department . Dr. Ball assists the Provincial Disease Specialist for occurrence of wildlife diseases in the province. He is also involved with the study and monitoring of CWD in the province and is the lead person for the bison disease surveillance program.

The speaker for May 25 is Ray Makowecki a fish biologist who worked for the Provincial Fish and Wildlife Department for 30 years. Ray also is a past President and life Member of the Alberta Fish and Game Association. On retirement from government service Ray became a consultant (EnviroMak Inc.) and is a strong advocate for improving fish management practices in the province and increasing opportunities for recreational fishing.

2016 AWARDS NIGHT BANQUET

The 2016 Awards night Banquet was held at the German Canadian Cultural Centre to recognize and celebrate the success of SPFGA members for hunting and fishing in 2016. The meals and service provided by the German Canadian Cultural Centre was excellent and enjoyed by all. Attendance was 146 adults and 9 youths.

Prior to dinner and afterwards members had the opportunity to view and make their bids for silent auction items generously donated by trophy sponsors, businesses in Sherwood Park and Edmonton, the Mayor and Councilors' of Strathcona County, Annie McKittrick Alberta MLA and SPFGA members.

Gord Nuttal and Lyall Kortzman

Trophy winners and trophy scores are listed on the following page. Gord Nuttal was the Master Hunter for big game this year with winning trophies for black bear and largest big game taken by archery. Winners in the Scenic and Wildlife photo contest were respectively Gord Nuttal and Maridon Kense. Draw winners for the 30 06 rifle and compound bow were Luc Preteau and Jarett Crosley. Larrie Bach was the lucky winner for a 2018 SPFGA membership. Andy Boyd's whitetail trophy taken by black powder was a winner in the provincial AFGA competition.

The Charlie Robert's award for outstanding service to SPFGA was given to Elaine Xenos. Life memberships were awarded to Tassi Xenos, Vern McIntosh and Pat Harris for their long service and support for the Sherwood Park Fish and Game Association. Certificate of Merit Awards were given to Percy Howlett, Laurie Keeler, Al Keeler, Jamie Coyne and Keith Lacey for their hours of time and support for the Sherwood Park Fish and Game Association.

Duck Tunnel Nesting Structures

Gaetan Richard our Special Projects man on the Executive was recently at the range property checking and repairing duck nesting structures on ponds. The “nesting tunnels” shown below give mallard hens a safe place to lay their eggs in the spring, away from predators. Research shows that on average, a hen mallard will have a successful nest about 80% of the time in nesting tunnels. To ensure mallard hens will want to use your Hen House every year, a small amount of maintenance will be required. Check your Hen House in late winter, while the ice is still thick enough to walk on. Stuff new flax straw* into the canopy if it is sparse (a piece of lathe works well for this). Add nesting material so it covers the entire bottom half of the tunnel. You want to use a soft material such as brome hay and make sure you don’t block the tunnel entrance.

Before Maintenance

After Maintenance

Installation of Nesting Tunnels is best done in the winter or early spring when Ice is still safe to walk on. Detailed information on constructing and maintaining Nesting Tunnels can be found on the internet at: <https://www.rivercare.org/local/upload/file/Waterfowl-Nesting-Structure-Instructions.pdf>

Edmonton House Brigade
Seventh Annual Skills of the Fur Trade Challenge
May 27 and May 28 2017
Sponsored by Sherwood Park Fish and Game §

1. Muzzle loading Rifle [patched round ball open sights only]
2. Muzzle loading Trade Gun [patched round ball, smoothbore flint lock, no rear sight]
3. Junior muzzle loading rifle [16 years and younger, patched round ball open sights].
4. Muzzle loading Pistol or cap and ball revolver.
5. Knife and Tomahawk
6. Primitive Bow
7. Reenactment of an 1805 Canadian fur trade camp.

Prizes & Awards

Prizes will be given for 1st, 2nd and 3rd place finishes for events 1 to 5.
A prize for the best 1805 Canadian fur trade camp and Primitive Bow.
Random draw cash prizes from \$20 to \$100.

Entry Fee

Entry fees will be \$35.00 Adult and \$20.00 Junior (16 years or younger)
Blanket prizes will not be required.
Non-registered shooters will not be permitted to shoot during the event.

Fire prevention / 5 second patch lube test

A small propane torch (the type used to solder copper pipe) is needed for this test. Lube a patch & hold it at the tip of the flame for 5 seconds. If the patch does not start to smolder , this patch / lube combo can be used on trail walk. Check your patch / lube before coming to our shoot. We will be testing.

Edmonton House Brigadecontinued

Liability Insurance

All shooters are welcome to this shoot.

All shooters (including Juniors) must have their own liability insurance.

Starting in 2017, all competitors must be a member of **one** of the following associations: Alberta Fish & Game Association or affiliated clubs.

National Firearms Association or affiliated clubs.

These associations have liability insurance for their members.

Membership cards must be presented and will be checked. Someone will be appointed as an "insurance cop".

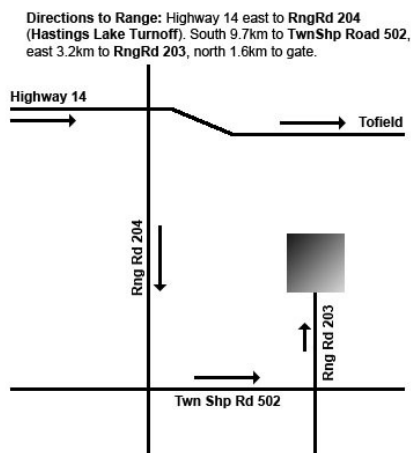

Coming to the shoot without a muzzle loading firearm or proof of insurance (membership) will result in the same outcome. You will **not** be shooting.

Other Information

- Primitive camping will be located behind the clubhouse. Vehicles must be moved outside of camping area once setup is completed.
- Tin Tee-Pee camping will be located on the shot gun range & in front of the clubhouse.
- Campsite will be open from noon May 25, till 9 am on May 29.
Traders welcome.
- Saturday evening supper with all the fixings will be provided for all registered shooters & paid non shooters. Please bring your own plates, cutlery and mug wipers. (napkins for those more sophisticated folk)
- Supper for non-registered shooters will be available at a cost of \$10.00 each.
- Bring your own water.
- Pets welcome, all dogs must be on leashes at all times.
- Ladies interested in sewing are invited to sew at the clubhouse.

Please RSVP by May 15 2017, to help us confirm how much food will be needed.
Contact: Elaine Xenos via email at

Locations/Directions The shoot will be held on the Sherwood Park Fish and Game Range. For direction check the Sherwood Park Fish & Game Website.

ARCHERY REPORT

It is now officially spring and the snow at the archery range has disappeared. We had 21 members and their kids to brave the weather and come to our spring work party. They made short work of changing out the tentest on half of the target butts, installing wind barriers across the back of the shooting building and putting out the 3D targets. Some really got into putting out the 3D targets and could not wait to have the Gator take them out to the shooting lane. It took a team effort to install the wind break across the back of the shooting building . Half of the target butts had the material changed out.

For those hardy souls that used the target butts during the winter and lost arrows, we have a number of them in our lost arrow bucket. For those that lost arrows on the 3D course last year, yours may be in the bucket too. Check it out.

Our spring 3D shoot will be held on May 14th. Registration will from 8:00 to 9:00 and shooting start about 9:30. Please check the SPFGA website or posters at the range for further details. We will have some new targets for you to test your skills on.

The 2017 bear season has started and for those archery hunters remember it never hurts to practice. It may save you from missing that monster you are able to get close to.

.....continued next page

Archery Report.....continued

Please remember there are to be **No broad heads** used on the target butts or the 3D targets at any time but you are more than welcome to bring out your own broad head target. You may also use the sand pit with the old 3D target or the tar paper to sight in.

Hope you all enjoy using the archery range and 3D course this year. If you rub Ivory bar soap on the first 6" of your arrows, it will make them easier to remove from the target butts and the 3D targets. Use only Ivory as the others have chemicals which could damage your bow and cables. We will be making changes to the 3D course periodically to give some variety and test your skills. If you have any comments or suggestions about the archery facilities, please contact me as I would like to hear from you.

May your arrows fly straighter this year, be safe and enjoy the outdoors.

Al Keeler

LES BERRY SHOOT—MAY 13 2017

For new members the Les Barry Shoot is a memorial to remember a long time member of the SPFGA Executive. Les was a man of devotion and dedication, evidenced in his lifetime membership with the Sherwood Park Fish & Game Association. Les was the chair person for the shotgun range and trap shooting. Les worked hard and long to make and maintain the shotgun range as a success for members. Les passed away July 22, 2012 and is sorely missed by all those who knew him.

Weekly Trap Shooting Starts May 17, 2017.

Weekly Shooting times are:

- Wednesdays 6 PM—8 PM
- Sundays 12PM—3 PM
- Cost for Les Berry Shoot and Weekly shooting\$5 per round for cost of clays
