

Sherwood Park Fish & Game Association

Consumptive Conservation Director

Primary Role:

The Consumptive Conservation Director oversees and promotes the activities of the Sherwood Park Fish and Game Association that support the utilization of fish and wildlife resources.

Qualifications:

- Strong communication skills, both written and verbal.
- Board experience, either for profit or not-for-profit.
- Experience in the area of governance, stewardship, and/or strategic planning.
- Experience in organizational effectiveness and design.
- Active volunteer experience.
- Public speaking skills and experience.
- Conflict resolution and change management experience.
- Knowledgeable in the use of modern, distributed collaboration tools such as Microsoft Office, MS Teams, OneDrive.

Responsibilities:

- Makes serious commitment to participate actively in committee work.
- Provides written reports to board meetings, as required.
- Stays informed about committee matters, prepares themselves well for meetings, and reviews and comments on minutes and reports.
- Contributes to the effectiveness of the Board and its members.
- Performs other responsibilities as assigned by the Board.

General Accountabilities:

This position is responsible for promotion of the Association's hunting, fishing, and trapping activities that seek to ensure healthier fish and wildlife resources overall.

Specific Accountabilities:

- Attend Board meetings.
- Provide leadership with respect to issues relating to hunting, fishing, and trapping.
