

# SPFGA Supervised Guest Range Use Policy

## **Individual Guests**

This policy covers supervised guest use of the archery range, 3D archery trail, and firearms ranges.

The SPFGA allows for adult members the option to buy guest passes for friends and family for use of the archery range and 3D archery trail, and for adult members with range privileges the option to buy guest passes for friends and family for use of the firearms ranges. Guest shooting on ranges requires the purchase of a Guest Pass.

Guest passes must be purchased by the adult member Sponsor through the member's portal on the SPFGA website. The purchase receipt acts as the Guest Pass for the guest's visit. Your Guest Pass must be available in either print or electronic form and presented for inspection on request by another member.

The Guest Pass is valid only for the specific day and guest that it is purchased for and cannot be transferred or refunded.

Insurance coverage is provided through the Sponsor's SPFGA membership.

Guests must always be directly supervised by their Sponsor when handling bows or uncased firearms. Sponsors and guests may not both operate bows or firearms at the same time and must operate from a single shooting bench or shooting station.

Members may sponsor up to two guests per day, each of which requires the purchase of a Guest Pass.

Guests should review the Facility Rules on the SPFGA website (<https://www.spfga.ca/facility-rules/>) prior to attending the facility. Ensuring their guest's strict adherence to these rules is the responsibility of the Sponsor. Violation of the rules may place the Sponsor's membership in jeopardy.

Cost: \$25 per day per adult guest

No charge for youth guests under 18

## **Group Events**

Group events sanctioned by the Board must be supervised by an active SPFGA member Sponsor with range privileges. Guests may be invited to participate at these events at the discretion of the Sponsor.

All guests must sign a liability waiver before being allowed to participate in a group event.

Guests must always be directly supervised while handling bows or firearms by the Sponsor or a duly appointed SPFGA member delegate who is also responsible to ensure strict adherence to the SPFGA facility rules.
